

Use multiplication rules to determine the missing remainder for each problem.

Answers

1) $58 \div 10 = 5 \text{ r } \underline{\hspace{2cm}}$

2) $986 \div 5 = 197 \text{ r } \underline{\hspace{2cm}}$

1. _____

3) $748 \div 2 = 374 \text{ r } \underline{\hspace{2cm}}$

4) $6,407 \div 2 = 3,203 \text{ r } \underline{\hspace{2cm}}$

2. _____

5) $94 \div 10 = 9 \text{ r } \underline{\hspace{2cm}}$

6) $7,945 \div 5 = 1,589 \text{ r } \underline{\hspace{2cm}}$

3. _____

7) $439 \div 2 = 219 \text{ r } \underline{\hspace{2cm}}$

8) $38 \div 5 = 7 \text{ r } \underline{\hspace{2cm}}$

4. _____

9) $38 \div 10 = 3 \text{ r } \underline{\hspace{2cm}}$

10) $60 \div 5 = 12 \text{ r } \underline{\hspace{2cm}}$

5. _____

11) $2,186 \div 5 = 437 \text{ r } \underline{\hspace{2cm}}$

12) $4,871 \div 2 = 2,435 \text{ r } \underline{\hspace{2cm}}$

6. _____

13) $798 \div 5 = 159 \text{ r } \underline{\hspace{2cm}}$

14) $622 \div 2 = 311 \text{ r } \underline{\hspace{2cm}}$

7. _____

15) $77 \div 2 = 38 \text{ r } \underline{\hspace{2cm}}$

16) $59 \div 10 = 5 \text{ r } \underline{\hspace{2cm}}$

8. _____

17) $8,012 \div 5 = 1,602 \text{ r } \underline{\hspace{2cm}}$

18) $477 \div 2 = 238 \text{ r } \underline{\hspace{2cm}}$

9. _____

19) $570 \div 2 = 285 \text{ r } \underline{\hspace{2cm}}$

20) $21 \div 10 = 2 \text{ r } \underline{\hspace{2cm}}$

10. _____

11. _____

12. _____

13. _____

14. _____

15. _____

16. _____
