

Fill in the Frequency Column of each table.

| 1) | Miles Jogged | Tally                           | Frequency |
|----|--------------|---------------------------------|-----------|
|    | 1            |                                 |           |
|    | 2            |                                 |           |
|    | 3            |                                 |           |
|    | 4            | $\parallel \parallel \parallel$ |           |

| 2) | Miles from School | Tally | Frequency |
|----|-------------------|-------|-----------|
|    | 1                 |       |           |
|    | 2                 |       |           |
|    | 3                 |       |           |
|    | 4                 |       |           |

| 3) | <b>Books Read</b> | Tally | Frequency |
|----|-------------------|-------|-----------|
|    | 10                |       |           |
|    | 20                |       |           |
|    | 30                |       |           |
|    | 40                |       |           |

| 4) | <b>Boxes of Candy Sold</b> | Tally | Frequency |
|----|----------------------------|-------|-----------|
|    | 1                          |       |           |
|    | 2                          |       |           |
|    | 3                          |       |           |
|    | 4                          |       |           |

| 5) | <b>Minutes Spent Walking</b> | Tally   | Frequency |
|----|------------------------------|---|-----------|
|    | 5                            |   |           |
|    | 10                           |   |           |
|    | 15                           |   |           |
|    | 20                           | $\parallel \parallel \parallel \parallel \parallel$ |           |

Name: **Answer Key** 

Fill in the Frequency Column of each table.

| 1) | Miles Jogged | Tally | Frequency |
|----|--------------|-------|-----------|
|    | 1            |       | 3         |
|    | 2            |       | 9         |
|    | 3            |       | 8         |
|    | 4            |       | 6         |

| 2) | Miles from School | Tally | Frequency |
|----|-------------------|-------|-----------|
|    | 1                 |       | 7         |
|    | 2                 |       | 8         |
|    | 3                 |       | 11        |
|    | 4                 |       | 4         |

| 3) | <b>Books Read</b> | Tally                           | Frequency |
|----|-------------------|---------------------------------|-----------|
|    | 10                |                                 | 6         |
|    | 20                |                                 | 2         |
|    | 30                |                                 | 7         |
|    | 40                | $\parallel \parallel \parallel$ | 7         |

|    |                            |       | _         |
|----|----------------------------|-------|-----------|
| 4) | <b>Boxes of Candy Sold</b> | Tally | Frequency |
|    | 1                          |       | 13        |
|    | 2                          |       | 15        |
|    | 3                          |       | 6         |
|    | 4                          |       | 3         |

| 5) | Minutes Spent Walking | Tally | Frequency |
|----|-----------------------|-------|-----------|
|    | 5                     |       | 14        |
|    | 10                    |       | 8         |
|    | 15                    |       | 12        |
|    | 20                    |       | 14        |
